Deafness is caused by an inflamed condition of the mucous tining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, nine cases out of ton are caused by Catarri, which is nothing but an inflamed condition of the mucous surfaces.

In February, 1906, Carpenter presented a note at the Merchants National bank of St. Johnsbury, signed by himself and endorsed by A. T. Evans, of St. Johnsbury Center and E. C. Graves of Lyndonville, for \$250, and obtained the money on it. Monday he presented another note, at the same bank, enlorsed by the same parties whose names were attached to the first note, and, in addition, the name of Jennie Darling Folsom, which he asked to have discounted. A comparison of the signatures showed that they did not agree and it was suggested that the endorser be consulted, and the signatures verified. Carpenter then started with State's Atorney Guy W. Hill, of this place, but on the way confessed that the notes were forged. He was arrested and placed in Caledonia county jail. It is reported that he is wanted in Massahusetts on a similar charge.

TWENTY YEARS OF SERVICE.

Three of Brattleboro's Four Original Letter Carriers Still at Work.

Brattleboro, July 3 .- Twenty years ago Monday the patrons of the Brat-tleboro post office began receiving their mail by free delivery service, and three of the four original carriers are still overing their routes six days a week Villiam E. Barber and Dennis E. Taskr walking fifteen miles a day and Spen er W. Knight, the mounted carrier driving twenty-five miles a day. Three other carriers now in the service began as substitutes twenty years ago. The free delivery service was established when F. W. Childs was postmaster. The business of the office is three times what it was 20 years ago, and a carrier frequently delivers more than 100 pounds of mail a trip. There are now six car-riers in the office and there is a prospect that another will be added soon.
